Concerning Amendment of Section 7-1-6.15 NMSA, 1978
Concerning the Department of Finance and Administration Local Government Division Mandate for Local Governments to Adopt a Uniform Accounting Format

Concerning Revisions to the Sale or Lease of Public Property Section for Monetary Thresholds
Concerning Funding for Municipal Streets, Roads, Bridges, Airports, Rail and Transit
Concerning Amending NMSA Providing for a Streets Recapture Agreement
Concerning Amending NMSA 3-1-2(H) Including Stormwater as Utility Definition

Concerning Amending the Sex Offender Registration and Notification Act
Concerning EMS Funding
Concerning DWI and Traffic Enforcement on Publicly Accessible Private Property
Concerning Law Enforcement and Mental Health Professionals Crisis Intervention for the Mentally Ill
Concerning Tampering, Disabling or Otherwise Misusing a Fire Protection System
Concerning Certification of Police Officers

Concerning the Eligibility of Funds Pursuant to the State Emergency Services Fund Act for Municipalities Implementing an EMS Program for Safe Disposal of Prescription Drugs
Concerning Increased Funding for Audit and Compliance Division at the Taxation and Revenue Department
Concerning the Law Enforcement Protection Fund
Concerning the Minimum Wage Act
Concerning Support for the Simplification of Purchasing to Reduce Process Costs and Delays for Municipalities by Making Implementation of Product Codes Optional for Small Purchases
Concerning International Building Code on Airport Hangars
RESOLUTION 2017-1

CONCERNING CONFIRMATION OF APPOINTIVE OFFICIALS AT THE ORGANIZATIONAL MEETINGS

Whereas, Section 3-11-5, NMSA 1978, requires a municipality to in essence re-hire its employees after every election; and

Whereas, at every “organizational meeting” of the municipal governing body, having to confirm all employees is burdensome and impracticable; and

Whereas, municipalities have enacted ordinances that protect the rank and file employees and the requirement of having to re-hire and confirm each employee at every organizational meeting is not an economical use of resources.

Now, Therefore, Be It Resolved that the New Mexico Municipal League supports legislation to repeal Section 3-11-5, NMSA 1978.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.

2017 CEDGOHR Committee Priority: NOT RANKED
RESOLUTION 2017-2

CONCERNING PERSONNEL RECORDS AND THE INSPECTION OF
PUBLIC RECORDS ACT

Whereas, the Inspection of Public Records Act, NMSA Section 14-2-1 et seq. (the "Act"), requires government agencies, including municipalities, to generally make their records available to the public for inspection and copying; and

Whereas, the Act also recognizes there are records that for good legal or public policy reasons should be kept confidential and provides exceptions exempting these records from public disclosure; and

Whereas, the Inspection of Public Records Act contains a specific section exempting from disclosure the identities and applications of persons applying for the position of president of a public institution of higher learning but is silent as to information about applicants for other government positions; and

Whereas, the same policy reasons that prompted the legislature to recognize an exception for university presidents also apply to key municipal positions such as city manager; and

Whereas, the Act is also silent on what personal identifying and financial information of employees and customers of municipalities should be considered confidential and which should be considered public and subject to disclosure; and

Whereas, identity theft is a growing epidemic in the United States and the disclosure of personal identifying and financial information of applicants, employees and customers may aid those committing this crime.

Now, Therefore, Be It Resolved that the New Mexico Municipal League should seek the introduction of legislation that would exempt from disclosure, the names of individuals applying for high-rank- ing appointive positions with municipal governments until those individuals become finalists in the recruitment process; and

Be It Further Resolved that the legislation should also address what personal information of employees and customers of municipalities should be confidential and not subject to disclosure under the Act and which information should be released.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-3

CONCERNING THE SALE, TRANSFER AND ISSUANCE OF LIQUOR LICENSES IN NEW MEXICO

Whereas, there are approximately 1440 Retailer and Dispenser licenses in New Mexico, and

Whereas, this exceeds the number of licenses allowed by statute, being 1 license for every 2000 in population, and keeps the State from issuing new Retailer and Dispenser licenses, and

Whereas, many communities have far more licenses than are allowed by this formula creating inequities and unfair competition among communities for certain types of businesses, including restaurants, drug stores and grocery stores; and

Whereas, these are the only state licenses treated as commodities and sold on the open market which is an undesirable approach; and

Whereas, that has driven the price for existing licenses as high as $750,000.00; and

Whereas, due to the escalation in price paid for Retailer and Dispenser licenses, licenses in communities outside the metropolitan areas of the state are being transferred to the communities within the metropolitan areas of the state resulting in the loss of jobs and business opportunity for communities outside of the metropolitan areas of the state; and

Whereas, none of the states surrounding New Mexico have such a restrictive form of licensing, resulting in greater economic opportunities in those states placing New Mexico at a competitive disadvantage; and

Whereas, the sale of these licenses could be a significant form of revenue for the State of New Mexico; and

Whereas, the existing system benefits existing license holders and is detrimental to the development of economic opportunities within the State of New Mexico with a profound and disparate impact in communities outside of the metropolitan areas of the state.

Now, Therefore, Be It Resolved that the New Mexico Municipal League urges the New Mexico Legislature to study, review and make changes to the Liquor Control Act to provide a more fair, affordable, equitable, non-commodity based and competitive environment in dealing with the sale, transfer and ownership of Retailer and Dispenser licenses in the state.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.

2017 CEDGOHR Committee Priority: NOT RANKED
RESOLUTION 2017-4

CONCERNING THE TIME LIMIT FOR MUNICIPALITIES IN A CLASS A COUNTY TO
ACT ON ANNEXATION PETITIONS

Whereas, annexations to municipalities are authorized under the provisions of
Sections 3-7-1 through 3-7-18, NMSA 1978, and annexation is a method by which
municipalities provide areas for future growth, provide for orderly development, protect
public health and safety, protect neighborhoods, protect and secure their tax base,
create efficiencies in service delivery, and maximize the return on infrastructure
investment and business incentives; and

Whereas, annexations are not to be entered into lightly as municipalities must
carefully consider the impact of the proposed annexation on provision of services,
including police and fire protection, solid waste collection, water and sewer service and
other municipal services; and

Whereas, Section 3-7-17.1 NMSA 1978 provides the procedure for a
municipality located in a Class A county to respond to a petition for annexation to the
municipality, including a requirement that the municipality inform the board of county
commissioners of the proposed annexation and give the county thirty (30) days in which
to comment on the proposed annexation; and

Whereas, Section 3-7-17.1 NMSA 1978, also provides that the governing body
must act by ordinance to approve or deny the petition in not less than thirty (30) days
nor more than sixty (60) days after receiving the petition from petitioners; and

Whereas, in a recent opinion, the Court of Appeals ruled that the 60-day
deadline to act continues to run during the time the county is reviewing and commenting
on the proposed annexation; and

Whereas, the requirement for approval or disapproval of the annexation by the
governing body within sixty (60) days after receiving the petition does not allow
sufficient time for municipalities to notify the county, consider the county’s comments,
consider the projected costs of providing municipal services and other fiscal impacts on
the municipality related to the proposed annexation, and to prepare, publish notice and
adopt an ordinance.

Now, Therefore, Be It Resolved that the New Mexico Municipal League seeks
legislation amending Section 3-7-17.1 NMSA 1978 to extend the time for a municipality
in a Class A county to approve or disapprove an annexation petition from sixty (60) to
one hundred eighty (180) days after receiving the petition.

Passed, Approved and Adopted this 17th day of August at the City of Clovis,
New Mexico.
RESOLUTION 2017-5

CONCERNING THE ELECTION PROCESS WHERE ALL CANDIDATES FOR OFFICE ARE UNOPPOSED

Whereas, municipal government is led by officials who are required by the New Mexico Constitution, to be elected by the citizens of their respective communities; and

Whereas, the New Mexico Municipal Election Code provides that municipal officers be elected for four year terms on staggered cycles; and

Whereas, the New Mexico Municipal Election Code provides that in order to maintain the staggered terms of municipal officials, municipal election shall occur every two years; and

Whereas, the New Mexico Municipal Election Code provides that candidates that wish to appear on the ballot must declare their candidacy 56 days prior to the date set for the municipal election; and

Whereas, the New Mexico Municipal election Code provides that a write-in candidate for a municipal office must declare their candidacy 49 days prior to the election; and

Whereas, the New Mexico Municipal Election Code precludes running for office unless a candidate is either a declared candidate or a declared write-in candidate; and

Whereas, the officially recognized candidates for municipal officer are established 47 days prior to the election; and

Whereas, the New Mexico Municipal Election Code provides that no person may be elected as a write-in candidate unless that person has declared their candidacy and has been certified by the municipal clerk; and

Whereas, many New Mexico municipalities conduct elections where all the candidates for municipal offices are running unopposed; and

Whereas, the expense and procedure of conducting a municipal election must be completed, even if all the candidates for municipal office are running unopposed; and

Whereas, the cost of conducting municipal elections continues to rise.

Now, Therefore, Be It Resolved that the New Mexico Municipal League supports a change in the Constitutional and statutory requirements to eliminate holding municipal elections when there are no candidates; when all the candidates for municipal office are running without opposition; there are no questions on the ballot; and to permit unopposed candidates to assume office without an election.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.

2017 CEDGOHR Committee Priority: NOT RANKED
RESOLUTION 2017-6

CONCERNING THE WHISTLEBLOWER PROTECTION ACT

Whereas, the Whistleblower Protection Act ("Act") was enacted by the New Mexico Legislature in 2010; and

Whereas, the Act was intended to prohibit public employers from retaliating against public employees who take action, object to, or refuse to participate in a matter the employee believes, in good faith, to be an unlawful or improper act.; and

Whereas, the Act provided for a 2 year statute of limitations for bringing a claim and authorized the claim to be filed in any court of competent jurisdiction; and

Whereas, the Act is a non-exclusive remedy, meaning that a claim under the Act may be brought independently of any other employment-related claim; and

Whereas, current state and federal law provided for legal remedies against employers for prohibited activities, including retaliation-based claims; and

Whereas, municipal governments have experienced a significant increase in the number of employment-related lawsuits that include a whistleblower claim; and

Whereas, portions of the Act are vague and subject to multiple interpretations; and

Now, Therefore, Be It Resolved, that the New Mexico Municipal League supports amending the Whistleblower Protection Act to better define the definition of "good faith" by requiring some minimal threshold of evidence for an employee to file a claim under the Act; and

Be It Further Resolved, that the Act be amended to narrow the definition of "retaliatory action" as the current definition encompasses any "adverse employment action against a public employee"; and

Be It Further Resolved, that the Act be amended to limit "unlawful or improper act(s)" to violations of state or federal law; and

Be It Further Resolved, that the Act be amended to narrow the universe of individuals to whom a complaint may be communicated as a precondition to filing a claim under the Act.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.

2017 CEDGOHR Committee Priority: NOT RANKED
RESOLUTION 2017-7

CONCERNING STATE GRANTS FOR LIBRARIES

Whereas, New Mexico public libraries provide books and other materials to meet the informational, educational, cultural and recreational needs of all New Mexicans; and

Whereas, the effectiveness of a library is determined by its ability to deliver current, accurate information in a timely manner through books and materials answering community needs; and

Whereas, advances in technology have made information resources increasingly accessible electronically; and

Whereas, the demand for library resources continues to rise while the cost of providing the resources is beyond local funding capacity; and

Whereas, publicly funded libraries have increased their effectiveness by sharing their resources electronically, enabling public, school and college libraries to coordinate the use of scarce library funds within the community and statewide; and

Whereas, a proposal will be presented to the 2017 New Mexico Legislature to increase the appropriation from the general fund to the library division of the cultural affairs department to provide grants-in-aid for local library services and operations; and

Whereas, public libraries have experienced a substantial growth in usage, yet many municipalities lack resources to support adequate funding for library collections and operating expenditures.

Whereas, the current state grants-in-aid distribution is $.37 per capita; and

Whereas, state grants-in-aid for other similarly sized states averages $1.67; and

Now, Therefore, Be It Resolved That the New Mexico Municipal League endorses the passage of legislation to increase the appropriation to the library division of the cultural affairs to provide grants-in-aid for local library services and operations.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.

2017 CEDGOHR Committee Priority: HIGH
RESOLUTION 2017-8

CONCERNING MUNICIPAL RECALL ELECTIONS

Whereas, NMSA 3-14-16 provides that in any commission-manager municipality, any elective officer is subject to a recall election; and

Whereas, a recall may be held in a commission-manager municipality without cause or justification; and

Whereas, upon petition seeking the recall of an elective officer, signed by the qualified electors in a number more than twenty percent of the average number of voters who voted at the previous four regular municipal elections or more than twenty percent of the number of voters who voted at the previous regular municipal election, whichever is greater, the commission shall call a special election unless the regular municipal election occurs within sixty days, in which case the qualified electors shall vote on the recall at the regular election; and

Whereas, holding a special election is an unbudgeted and substantial expense for many municipalities; and

Whereas, the removal of any municipal official has the potential to create a substantial disruption in the regular operations of the municipality; and

Whereas, NMSA 10-4-2 outlines causes for removal of local officers which may include; conviction of any felony or any misdemeanor involving moral turpitude, failure, neglect or refusal to discharge the duties of the office, or failure, neglect or refusal to discharge any duty devolving upon the officer by virtue of his office, knowingly demanding or receiving illegal fees as such officer, failure to account for money coming into his hands as such officer, gross incompetency or gross negligence in discharging duties of the office, and any other act or acts, which in the opinion of the court or jury amount to corruption in office or gross immorality rendering the incumbent unfit to fill the office; and

Whereas, the Constitution of the State of New Mexico Article X Section 9 states that, an elected official of a county is subject to recall by the voters of the county, and that a petition for a recall election shall cite grounds of malfeasance or misfeasance in office or violation of the oath of office by the official concerned. Article X Section 9 further provides for a hearing by the district court to determine that probable cause exists for the grounds for recall;

Now, Therefore, Be it Resolved that the New Mexico Municipal League urges the New Mexico Legislature to study, review and make changes to NMSA 3-14-16 incorporating language requiring petitions for recall in a commission-manager municipality to cite grounds of malfeasance or misfeasance in office or violation of the oath of office by the official concerned and providing an opportunity for a hearing to determine that probable cause exists for the grounds for recall.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.

2017 CEDGOHR Committee Priority: NOT RANKED
RESOLUTION 2017-9

CONCERNING 2018 BOND ISSUE FOR LIBRARIES

Whereas, New Mexico public libraries provide books and other materials to meet the informational, educational, cultural and recreational needs of all New Mexicans; and

Whereas, the effectiveness of a library is determined by its ability to deliver current, accurate information in a timely manner through books and materials answering community needs; and

Whereas, advances in technology have made information resources increasingly accessible electronically; and

Whereas, the demand for library resources continues to rise while the cost of providing the resources is beyond local funding capacity; and

Whereas, publicly funded libraries have increased their effectiveness by sharing their resources electronically, enabling public, tribal, school and college libraries to coordinate the use of scarce library funds within the community and statewide; and

Whereas, public libraries have experienced a substantial growth in usage, yet many municipalities lack resources to support adequate funding for library collections.

Now, Therefore, Be It Resolved that the New Mexico Municipal League endorses legislative passage of a General Obligation bond bill for $18 million for libraries on the November 2018 general election ballot.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-10

CONCERNING THE ADOPTION OF ENFORCEABLE WATER QUALITY PROTECTION REQUIREMENTS WITHOUT PUBLIC HEARING

Whereas, the New Mexico Environment Department (NMED) Ground Water Quality Bureau has developed: “Guideline: Above Ground Use of Reclaimed Domestic Wastewater, January 2007” (as a follow-on to two previously published guideline documents, i.e.: “NMED Policy for the Use of Domestic Wastewater Effluent for Irrigation, 1985” and “New Mexico Criteria for the Use of Domestic Wastewater for Surface Irrigation, 2003”) that includes definitions, standards, effluent limitations, monitoring, and other requirements; and

Whereas, the NMED “Guideline: Above Ground Use of Reclaimed Domestic Wastewater” dated January 2007 has never been presented to the New Mexico Water Quality Control Commission (NMWQCC) for public hearing, promulgation, and adoption as a regulation or standard; and

Whereas, the NMED “Guideline: Above Ground Use of Reclaimed Domestic Wastewater” dated January 2007 is incorporated by reference, as well as incorporated as specific permit conditions, in enforceable Ground Water Discharge Permits issued by NMED under NMWQCC Regulations; and

Whereas, the NMED practice of imposing enforceable requirements through guidelines and policies that are not subjected to public hearing violates the New Mexico Water Quality Act [74-6-6(A) NMSA 1978] and the New Mexico Environmental Compliance Act [74-7-5(A) NMSA 1978].

Now, Therefore, Be It Resolved that the New Mexico Municipal League objects to the NMED practice of imposing enforceable requirements, through policies and guidelines, that have not been subjected to a NMWQCC public hearing for adoption as a regulation or standard, and urges the NMED Cabinet Secretary, the NMWQCC, the Governor of New Mexico, and the New Mexico Legislature to implement measures to halt the practice and ensure NMED compliance with New Mexico law (New Mexico Water Quality Act, [74-6-6(A) NMSA 1978]) and New Mexico regulations (Rulemaking Procedures – Environmental Improvement Board [20.1.1 NMAC] and Surface and Groundwater Protection [20.6.2 NMAC]) when implementing permits and other environmental protection requirements; and

Be It Further Resolved that the New Mexico Municipal League urges the NMED Cabinet Secretary to convene a “Working Group” to develop proposed regulations for presentation to the NMWQCC for public hearing, promulgation, and adoption regarding the use(s) of reclaimed domestic wastewater, in order to protect public health and the environment in New Mexico.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.

2017 EENR Committee Priority: HIGH
Administrative Not Legislative
RESOLUTION 2017-11

CONCERNING NUTRIENT WATER QUALITY CRITERIA, PERMIT LIMITATIONS
AND FUNDING SOURCES

Whereas, the NMML acknowledges that nutrients exist in all waters of the State
but that excessive levels lead to impairment of designated uses; and

Whereas, the New Mexico Environment Department (NMED) has developed
Total Maximum Daily Load (TMDL) documents with target nutrient levels that are not
technologically achievable; and

Whereas, the target nutrient thresholds in the TMDLs are based on water quality
values from pristine streams in the region (eco-region values); and

Whereas, the target values in TMDL waste load allocations must be both
technologically achievable and neither over-nor under-protective; and

Whereas, the NMED and NMML have formed a Work Group that has evaluated
alternative approaches to the implementation of TMDL waste load allocations for
municipal point-source discharges that are scientifically based, environmentally sound,
and consider the existing facility design, facility age and local economic factors; and

Whereas, the Nutrient Work Group has developed a revision to the Water
Quality Management Plan that will provide an additional 20 years for qualifying
municipal point sources to meet the TMDL target values; and

Whereas, the EPA issued the March 16, 2011 memo from Nancy Stoner
Working in Partnership with States to Address Phosphorus and Nitrogen Pollution
through Use of a Framework for State Nutrient Reductions, that includes eight
recommended elements of a framework for nutrient reductions that address nutrient
reduction holistically, without undue focus on the single point sources of nutrients that
do not exceed diversion point levels.

Now, Therefore, Be It Resolved that the New Mexico Municipal League urges
the Governor of New Mexico and the New Mexico Legislature to support municipalities
in meeting nutrient target values in their point source discharges by identifying funding
sources for such necessary projects; and

Be It Further Resolved that the New Mexico Municipal League strongly
encourages NMED to develop a meaningful nutrient reduction strategy and numeric
nutrient criteria based on the Working in Partnership with States to Address Phosphorus
and Nitrogen Pollution through Use of a Framework for State Nutrient Reductions,
which will involve the interaction and coordination of all sources of nutrients to the states
waters without undue emphasis on municipal point source discharges.

Passed, Approved and Adopted this 17th day of August at the City of Clovis,
New Mexico.

2017 EENR Committee Priority: HIGH
Administrative Not Legislative
RESOLUTION 2017-12

CONCERNING SUPPLEMENTAL AND REPLACEMENT WELLS TO UTILIZE EXISTING WATER RIGHTS

Whereas, the Office of the State Engineer (OSE) has indicated that it is changing its long established policy with respect to supplemental and replacement wells; and

Whereas, in reliance on the longstanding policy of the OSE, municipalities have invested millions of dollars in acquiring water rights and developing physical sources of supply to serve their citizenry; and

Whereas, a shift in policy would jeopardize the ability of municipalities to perfect the unused portion of a permitted or declared water right and undermine millions of dollars of investment in a diversified portfolio of water rights and physical sources of supply; and

Whereas, in the 2015 Regular Session of the Legislature, Senator Griggs introduced Senate Bill 665; and

Whereas, SB 665 proposed to amend NMSA 1978, § 72-12-24 regarding Supplemental Wells and § 72-12-22 regarding Replacement Wells; and

Whereas, municipalities supported the legislature’s effort to protect municipalities’ investment in and reliance upon the long-established policy of the OSE, which allowed a municipality to grow into a declared or permitted water right; and

Whereas, municipalities continue to support legislation which will protect a municipality’s ability to perfect its unused water rights.

Now, Therefore, Be It Resolved that the New Mexico Municipal League supports legislation to ensure that local governments that have invested in groundwater as part of a conjunctive use strategy with surface water, will continue to be able to develop their ground water rights as these municipalities grow.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
CONCERNING PRESERVATION OF MUNICIPAL WATER SUPPLIES

Whereas, the purpose of NMSA 1978, § 72-1-9 is to preserve municipal water supplies to plan for growth over a forty year period; and

Whereas, in spite of the purpose of the statute, the Office of the State Engineer (OSE) has argued that § 72-1-9, the forty year planning statute, can be used to show that a municipality has abandoned a water right; and

Whereas, municipalities and other entities encompassed by the statute may need even longer planning periods, but in no event should these entities lose their water rights except through statutory forfeiture or judicial abandonment processes; and

Whereas, in the 2015 Regular Session of the Legislature, Senator Griggs introduced Senate Bill 665; and

Whereas, SB 665 proposed to amend NMSA 1978, § 72-1-9 to state that a water right acquired and held unused pursuant to the provisions of this section shall not be automatically lost after forty years, except by statutory forfeiture or judicial proceedings to prove abandonment; and

Whereas, municipalities’ need to protect their investment in water rights acquired for future growth; and

Whereas, municipalities support legislation which will protect their ability to protect their unused water rights.

Now, Therefore, Be It Resolved that the New Mexico Municipal League supports the preservation of municipal water supplies.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-14

CONCERNING LESSEE’S APPLICATION USE BEFORE APPROVAL

Whereas, the Office of the State Engineer (OSE) has interpreted the application process for water rights leases to be the same as that used for emergency applications; and

Whereas, under the present practice, the OSE can approve these applications and the applicant can use the water prior to public notice, an opportunity to protest, and a hearing; and

Whereas, there are instances in which this administrative procedure is efficient and cost effective, but in other instances, this process is being abused to divert thousands of acre-feet of water for a longer period of time prior to public review and due process; and

Whereas, in the 2015 Regular Session of the Legislature, Senator Griggs introduced Senate Bill 665; and

Whereas, SB 665 proposed to amend NMSA 1978, § 72-6-4 to provide a balance between an efficient administrative process for short-term leases that do not involve significant quantities of water and longer-term leases that involve large quantities of water.

Now, Therefore, Be It Resolved that the New Mexico Municipal League supports legislation regarding a lessee’s use of water rights prior to approval.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-15

CONCERNING PROTEST PROCEDURES ON WATER RIGHT APPLICATIONS

Whereas, the Office of the State Engineer (OSE) applies inconsistent criteria to determine whether persons have standing to protest an application to change the purpose, place, or use of a water right; and

Whereas, some persons who protest a water right application will suffer no harm based on the proposed application; and

Whereas, a protested application to change the purpose, place, or use of a water right is far more costly and takes many more years to complete than an unprotested application; and

Whereas, in the 2015 Regular Session of the Legislature, Senator Griggs introduced Senate Bill 665; and

Whereas, SB 665 imposed clearer criteria on persons who seek to protest applications to change the purpose, place, or use of a water right; and

Whereas, municipalities support legislation, which reduces the administrative burden on water right applicants and imposes clearer standards on protesters objecting to water-right applications.

Now, Therefore, Be It Resolved that the New Mexico Municipal League supports legislation relating to protest procedures to reduce the administrative burdens on water right applicants.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-16

CONCERNING THE DEVELOPMENT OF STATE ENGINEER GUIDELINES OR POLICIES REGARDING MUNICIPAL BEST MANAGEMENT PRACTICES FOR PRECIPITATION CAPTURE AND USE

Whereas, adequate water resources are a prerequisite to the health and economic wellbeing of New Mexico’s communities; and

Whereas, water is a fragile and finite resource in New Mexico; and

Whereas, under New Mexico water law, all ground and surface water belongs to the public, but is subject to appropriation; and

Whereas, precipitation can be both a significant water resource and a significant water quality concern when storm water or melting snow runs off into New Mexico streams, rivers and lakes; and

Whereas, the New Mexico Office of the State Engineer encourages water conservation in all water sectors; and

Whereas, in accordance with a Rainwater/Snowmelt Harvesting Policy adopted November 24, 2004 (http://www.ose.state.nm.us/wucp_policy.html), the New Mexico Office of the State Engineer supports the wise and efficient use of the state’s water resources and encourages the harvesting, collection and use of rainwater from residential and commercial roof surfaces for on-site landscape irrigation and other on-site domestic uses; and

Whereas, in the same policy, the New Mexico Office of the State Engineer established that water harvested from roof tops may not reduce the amount of runoff that would have occurred from the site in its natural, pre-development state; and

Whereas, the NM Office of the State Engineer has stated that harvested water may not be appropriated for uses other than on-site landscape irrigation and domestic uses; and

Whereas, the USEPA has drafted a revised general permit for small municipal separate storm sewer systems MS4s and has issued a MS4 permit for the middle Rio Grande watershed, both of which require MS4s to implement Best Management Practices (BMPs) to reduce pollutant discharges in urban runoff; and

Whereas, storm water BMPs include the use of green infrastructure practices and low impact development approaches, which commonly utilize storm water detention, and storm water retention for on-site irrigation and/or infiltration; and

Whereas, the New Mexico Office of the State Engineer’s Rainwater/Snowmelt Harvesting Policy, by restricting landscape irrigation and domestic uses to individual property sites, may impede the ability of municipalities to improve surface water quality and to encourage outdoor water conservation by managing storm water using green infrastructure BMPs; and
Whereas, the New Mexico Office of the State Engineer has met with the NMML Environmental Quality Association and has expressed a willingness to pursue resolution of any conflicts between the Rainwater/Snowmelt Harvesting Policy and USEPA BMP requirements for MS4s.

Now, Therefore, Be It Resolved that the New Mexico Municipal League, through its Environmental Quality Association, will work with the New Mexico Office of the State Engineer to develop storm water Best Management Practice guidance for New Mexico municipalities, defining municipal-scale BMPs that are consistent with NMOSE rules and policies. Based on this guidance, NMML will pursue the issuance of an NMOSE policy regarding municipal-scale precipitation capture through BMPs (provided that such BMPs do not reduce the volume of discharge that would have occurred from the natural, pre-development state), to allow for conservation of water resources, protection of water quality, and maintenance of adequate stream flow to meet downstream compact obligations.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-17

CONCERNING STATE AND LOCAL TAX REFORM

Whereas, the advent of the internet has dramatically changed the way people shop and pay for goods and services; and

Whereas, the growth of the use of the internet for shopping and paying for goods and services has outpaced the growth of shopping and paying for goods and services in brick and mortar local businesses; and

Whereas, use of the internet for shopping and paying for goods and services has resulted in decreasing state and local tax revenues because Gross Receipts Tax Laws need to be updated to provide a mechanism for collection of the Gross Receipts Tax on internet sales and payments; and

Whereas, the New Mexico Municipal League is aware of various proposals for tax reform in the state; and

Whereas, the New Mexico Municipal League is generally supportive of state and local tax reform that will result in increased revenues for both state and local governments.

Now, Therefore, Be It Resolved that the New Mexico Municipal League supports creation of a Study Group to develop a tax reform plan for the State of New Mexico; and

Be It Further Resolved that the study group have representation from the New Mexico Municipal League and the New Mexico Association of Counties in order to give input on state and local tax reform.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-18

CONCERNING THE RELATIONSHIP BETWEEN THE TAXATION AND REVENUE DEPARTMENT AND MUNICIPALITIES

Whereas, in order for municipalities to function efficiently and provide necessary services to citizens it is necessary that the municipality be assured that the revenues they are receiving are being accounted for and distributed properly; and

Whereas, New Mexico Municipalities pay the state 3.25% of Local Option Gross Receipts Taxes collected for administration and distribution of the tax; and

Whereas, the relationship between the Taxation and Revenue Department and Municipalities has been strained from time to time over the years and that relationship is currently significantly strained; and

Whereas, municipalities desire to have a functioning and trusting relationship with the Taxation and Revenue Department that would result in cooperation between the Department and municipalities with the Department sharing as much information as possible with municipalities; and

Whereas, municipalities desire that the Department become consistent in the type of information it is willing and able to share with municipalities so municipalities can utilize the information for analysis purposes and to compare the Department’s data against Municipal Business Registrations; and

Whereas, in order to have a functioning and trusting relationship with the Taxation and Revenue Department cooperation is critical.

Now, Therefore, Be It Resolved that the New Mexico Municipal League calls on the Taxation and Revenue Department to make every effort possible to improve the relationship between the Department and municipalities; and

Be It Further Resolved that New Mexico Municipal League members stand ready to discuss with the Taxation and Revenue Department ways in which the relationship between the department and municipalities can be improved.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-19

CONCERNING EXEMPTION TO THE LODGERS’ TAX ACT

Whereas, Section 3-38-16 NMSA 1978 creates certain exemptions from the Lodgers’ Tax Act; and

Whereas, subsection (g) now provides an exception to the Lodgers Tax Act for vendors who do not offer at least three rooms or three other premises for lodging; and

Whereas, local Lodgers’ Tax is used by the taxing jurisdiction to promote tourist related activities to the community and to a wider public base; and

Whereas, changing technology, marketing and transactions make short-term rental units uniform and remotely transacted; and

Whereas, fairness to all providers of rental units is not accomplished when single units are exempted from the Lodgers’ Tax Act;

Now, Therefore, Be it Resolved that the New Mexico Municipal League supports amending the Lodgers Tax Act by deleting section 3-38-16.g and the exemption for vendors who offer fewer than 3 rooms or rental units.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-20

CONCERNING DISTRIBUTIONS OF GROSS RECEIPTS TAX REVENUES TO MUNICIPALITIES BY THE TAXATION AND REVENUE DEPARTMENT

Whereas, municipalities are heavily dependent on Gross Receipts Tax Revenue to fund essential services for the citizens of that municipality; and

Whereas, the general fund of some municipalities generate up to 75% of their revenues from the Gross Receipts Tax; and

Whereas, since at least 2004 many municipalities have noticed erratic fluctuations in their monthly Gross Receipts Tax distributions that are inexplicable; and

Whereas, when municipalities make inquiry with the Taxation and Revenue Department regarding the erratic fluctuations in Gross Receipts Tax Distributions the Department claims it cannot explain the fluctuation due to confidentiality concerns for taxpayers; and

Whereas, municipalities should expect the Taxation and Revenue Department to respond to the municipality within 90 days of an inquiry regarding fluctuations in distributions of greater than ten percent.

Now, Therefore, Be it Resolved that the New Mexico Municipal League request the Legislative Finance Committee investigate the issue of erratic fluctuations in municipal monthly Gross Receipts Tax distributions; and

Be it Further Resolved that the results of that investigation be published and posted on the Legislative Finance Committee website; and

Be it Further Resolved that the Legislative Finance Committee remind the Taxation and Revenue Department of its’ obligation to follow the law as it is written in Section 7-1-6.15 NMSA, 1978.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-21

CONCERNING THE ISSUE OF WHICH PARTY IS LIABLE FOR GROSS RECEIPTS TAX PAYMENT WHEN A NONTAXABLE TRANSACTION CERTIFICATE IS ISSUED TO A SELLER OR LESSOR BY A BUYER OR LESSEE

Whereas, New Mexico law provides that certain buyers and lessees may apply to the Taxation and Revenue department for the authority to present Nontaxable Transaction Certificates to certain sellers and lessors; and

Whereas, if a buyer or lessee presents a Nontaxable Transaction Certificate to a seller or lessor it is assumed that the use of the Nontaxable Transaction Certificate is evidence to the seller or lessor that a deduction can be made for the sale or lease from the gross receipts of the seller or lessor being reported for tax purposes; and

Whereas, under current law, if the Department of Taxation and Revenue determines that a Nontaxable Transaction Certificate was erroneously used by a buyer or lessee to a seller or lessor the liability for the Gross Receipts Tax due on the transaction is born by the seller or lessor; and

Whereas, the seller or lessor has no current method to recover the tax due from the buyer or lessee.

Now, Therefore, Be it Resolved that the New Mexico Municipal League seek legislation that would cause the buyer or lessee to be liable for any Gross Receipts Tax due as a result of an erroneously used Nontaxable Transaction Certificate.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-22

CONCERNING AMENDMENT OF SECTION 7-1-6.15 NMSA, 1978

Whereas, the legislature amended Section 7-1-6.15 during the 2015 Regular Session; and

Whereas, a House Committee substitute was introduced that erroneously amended the section to provide that the Taxation and Revenue Department would be required to notify a municipality or county of a take back of gross receipts tax if the take back exceeded 20% of the previous 3 years average of gross receipts tax distributions; and

Whereas, the Committee substitute was passed by the House and Senate and signed by the Governor; and

Whereas, due to the error the Taxation and Revenue Department would not be required to notify the City of Albuquerque until an adjustment exceeded seventy one million dollars; and

Whereas, during negotiations regarding the amendments to Section 7-1-6.15 NMSA, 1978 the Taxation and Revenue Department and the League agreed that notice would be required if the adjustment exceeded twenty percent of the average monthly distribution over the previous 36 months; and

Whereas, Senate Bill 236 was introduced during the 2017 Regular Session to amend Section 7-1-6.15 NMSA, 1978 to provide that notice would be based on a 36 month average; and

Whereas, Senate Bill 236 passed the Senate by a vote of 40 to 0 and passed the House by a vote of 66 to 0; and

Whereas, the Governor vetoed Senate Bill 236 and in her veto message stated in pertinent part: “In a time when the state is struggling to find the resources it needs to maintain its most basic services, like public safety and education, and when the legislature has failed to provide the necessary resources, I cannot sign a bill that would send more money to our local governments at the expense of the General Fund”.

Now, Therefore, Be it Resolved that the New Mexico Municipal League support legislation that amends Section 7-1-6.15 to provide for notification if an adjustment exceeds 20% of the annual monthly distribution over a 36 month period.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
CONCERNING THE DEPARTMENT OF FINANCE AND ADMINISTRATION LOCAL GOVERNMENT DIVISION MANDATE FOR LOCAL GOVERNMENTS TO ADOPT A UNIFORM ACCOUNTING FORMAT

Whereas, by law, the Department of Finance and Administration Local Government Division has oversight authority over local government finances; and

Whereas, Local Government Division has had a long standing desire to require local governments in New Mexico to use a standard chart of accounts for financial reporting; and

Whereas, Local Government Division has informed local governments that effective in the 2019 Fiscal Year local governments will be required to make quarterly reports using the chart of accounts contained in the new Local Government Budget Management System (LGBMS); and

Whereas, local governments across New Mexico use a variety of financial management software to maintain financial records and produce financial statements; and

Whereas, the financial management software utilized by local governments may not be capable of using the new uniform chart of accounts without either replacing software or making significant modifications to the existing software; and

Whereas, the mandate to adopt the chart of accounts required by the LGBMS amounts to an unfunded mandate; and

Whereas, Section 3.2.07 of the New Mexico Municipal League Statement of Municipal Policy calls on the state to provide additional financial assistance any time the legislative, executive or judicial branch impose mandates on local governments.

Now, Therefore, Be it Resolved that the New Mexico Municipal League inform the Department of Finance and Administration Local Government Division that its members consider the adoption of a uniform chart of accounts for all local governments to be an unfunded mandate for which the state should provide additional funding to local governments to implement; and

Be it Further Resolved that if the state cannot provide funding for this unfunded mandate, the implementation of the LGBMS should be delayed until funding is available for local governments to comply.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.

2017 FIRT Committee Priority: HIGH
RESOLUTION 2017-24

CONCERNING REVISIONS TO THE SALE OR LEASE OF
PUBLIC PROPERTY SECTION FOR MONETARY THRESHOLDS

Whereas, Section 3-54-1 NMSA 1978 contains monetary thresholds that are used to determine whether the sale and exchange of any municipal utility, facility or property in excess of the threshold shall be subject to referendum provisions; and

Whereas, reasonable and customary values for virtually all public real property assets have appreciated over the years, and said thresholds have not risen commensurately with appreciation levels; and

Whereas, raising the affected limits would result in a more efficient process.

Now, Therefore, Be It Resolved that the New Mexico Municipal League supports legislation to adjust the monetary thresholds in the Municipal Sale or Lease of Property Section to reflect the rate of inflation since the last statutory change.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-25

CONCERNING FUNDING FOR MUNICIPAL STREETS, ROADS, BRIDGES, AIRPORTS, RAIL AND TRANSIT

Whereas, past investment plans have provided for more than one billion dollars for state highways; and

Whereas, other critical infrastructure projects still need to be addressed; and

Whereas, these projects are important for economic development within municipalities; and

Whereas, it is not enough to have an efficient state highway system, but rather it is essential that an effective, efficient transportation system be in place within municipalities in order to provide for the safe and efficient movement of people, goods and services; and

Whereas, transportation should be viewed not just as the state highway system, but as a complete network of state and municipal streets, roads, airports, bridges, rail and transit.

Now, Therefore, Be It Resolved that the New Mexico Municipal League supports continued funding for critical local projects where applicable, to follow, be guided by and adhere to current state transportation improvement plans established by, but not limited to, Metropolitan Planning Organizations, DOT Aviation Division and Regional Planning Organizations; and

Be It Further Resolved that a comprehensive plan of investment for critical transportation projects be developed with municipal input and that such plan identify alternative funding resources necessary to finance such plan including matching funds and in-kind services and set aside funding for rural areas; and

Be It Further Resolved that municipalities, the Governor and the Legislature collaborate on the development of critical local transportation projects and a comprehensive investment plan; and

Be It Further Resolved that NMDOT Local Programs representatives be adequately staffed and properly empowered with top priority authority to provide local governments timely project processing and response to assure meeting all required funding timelines.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.

2017 PIC Committee Priority: HIGH #1
RESOLUTION 2017-26

CONCERNING AMENDING NMSA PROVIDING FOR A STREETS
RECAPTURE AGREEMENT

Whereas, NMSA 3-26-2 provides for developer sewage collection system
construction Costs Recapture Agreements; and

Whereas, NMSA 3-27-4 provides for developer water distribution system
construction Costs Recapture Agreements; and

Whereas, the state of New Mexico did not specifically articulate any provision for
a recapture method for street paving as provided for sewer and water; and

Whereas, developers are consistently required to construct roadways which also
benefit other adjacent non-contributing land owners.

Now, Therefore, Be it Resolved that the New Mexico Municipal League
supports providing specific authorization language with a separate statute for street
construction recapture agreements as currently provided for sewer and water.

Passed, Approved and Adopted this 17th day of August at the City of Clovis,
New Mexico.
CONCERNING AMENDING NMSA 3-1-2(H) INCLUDING STORMWATER AS UTILITY DEFINITION

Whereas, stormwater is not currently listed as a utility under NMSA; and

Whereas, stormwater has numerous unfunded regulations as a utility which have become a requirement through Federal MS4 permitting with severe penalty for failure to comply; and

Whereas, non-home ruled cities cannot consider funding stormwater as a utility under New Mexico state law; and

Whereas, funding options are desperately needed to fund compliance activities required by the federal regulations.

Now, Therefore, Be it Resolved that the New Mexico Municipal League supports amending NMSA 3-1-2(H) by adding “Stormwater” to the existing definitions of a “Utility.”

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-28

CONCERNING AMENDING THE SEX OFFENDER REGISTRATION AND NOTIFICATION ACT

Whereas, the New Mexico Sex Offender Registration and Notification Act (SORNA), NMSA §29-11A-1 et seq., requires offenders convicted of certain sexual offenses in New Mexico to register with the sheriff of the county where the offender resides; and

Whereas, the New Mexico SORNA is not fully compliant with federal law (Title I of the Adam Walsh Child Protection and Safety Act of 2006, Public Law 109-248); and

Whereas, legislation to bring our state into federal compliance has been introduced over the past several years, including House Bill 179 (Rep. Herrell) in 2012, but has failed to pass; and

Whereas, the legislation needed for compliance includes the incorporation of a more comprehensive group of sex offenders and offenses for which registration is required, tighter and more extensive registration requirements, and expansion of the amount of information available to the public; and

Whereas, New Mexico has been losing critical federal funding because of its non-compliance with the federal law; and

Whereas, an additional consequence of our state’s non-compliance is that New Mexico has become an attractive relocation destination for sex offenders from other states who wish to avoid registering as sex offenders in their new communities; and

Whereas, SORNA does not include provisions for sex offender risk assessment that could provide local law enforcement agencies with a scientifically based method for identifying those offenders who are most likely to reoffend; and

Whereas, the addition of support or legislative mandate for scientifically based risk assessment will allow law enforcement agencies to devote limited resources to monitoring the behaviors of those offenders who have proven to provide the most significant risk to the community.

Now, Therefore, Be It Resolved that the New Mexico Municipal League supports amendment of the Sex Offender Registration and Notification Act to bring New Mexico into full compliance with federal law; and

Be It Further Resolved that the amendments to SORNA also address the subject of sex offender risk assessment.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.

2017 PS Committee Priority: MEDIUM #2
CONCERNING EMS FUNDING

Whereas, Emergency Medical Services (EMS) is the only health care that is universally available to all of New Mexico’s residents and visitors regardless of ability to pay, particularly in rural communities; and

Whereas, prehospital treatment and transport by volunteer and paid emergency medical responders are the two most crucial components of emergency medical care; and

Whereas, the citizens demand and deserve an increasing level of care, however funding for training and necessary equipment is not available; and

Whereas, future access to this essential care will be dependent on adequate funding to ensure the best pre-hospital care is delivered through the providing of training, equipment, resources, medical direction, technical assistance, and quality improvement; and

Whereas, the current funding levels are inadequate and will prevent the future growth of EMS, and the decrease in providers and services will result in an increase in morbidity and mortality; and

Whereas, Fire and EMS services in New Mexico must have solid financial resources if they are to continue providing critical first response services in a consistent and reliable manner; and

Whereas, the majority of EMS first response services in New Mexico are provided by fire-based departments; and

Whereas, the New Mexico Municipal League (NMML) and the New Mexico Fire Chiefs Association (NMFCA) participated in and are members of a committee established by the New Mexico Association of Counties (NMAC) to develop specific policy recommendations and study issues related to sustainable EMS Services; and

Whereas, the NMML and the NMAC endorsed priority legislation in 2014 and 2015 for the creation of a study to evaluate the needs of EMS and identify an appropriate state-level recurring revenue stream dedicated to EMS; similar to that used for the Fire Protection Fund without diminishing or impairing the existing Fire Protection Fund; and

Now, Therefore, Be It Resolved that the NMML supports an appropriation by the New Mexico State Legislature to the State Fire Marshal to conduct a statewide EMS assessment, in coordination with Department of Health EMS Bureau, using monies currently reverted from the Fire Protection Fund, to the State General Fund;
Be It Further Resolved that recommendations from the EMS assessment will be used by the NMAC EMS Committee, to develop additional policy recommendations for the New Mexico State Legislature regarding appropriate funding levels and mechanisms for recurring funding for EMS services in New Mexico.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-30

CONCERNING DWI AND TRAFFIC ENFORCEMENT ON PRIVATE PROPERTY OPEN TO THE PUBLIC

Whereas, driving while intoxicated (“DWI”) and other traffic offenses can threaten the health, safety and welfare of every citizen of New Mexico; and

Whereas, DWI and traffic offenses can occur in a variety of means including alcohol intoxication and drug impairment; and

Whereas, DWI and traffic offenses can occur not only on public highways, roads, and streets but also in alleys and parking lots and other areas that are privately owned, but open to the public; and

Whereas, the New Mexico Court of Appeals in the case of Rio Rancho v. Young imposed a requirement on local law enforcement officials to obtain the consent of the landowner prior to enforcing traffic laws, including DWI laws on private property; and

Whereas, the Court of Appeals based its decision on language contained in NMSA section 3-49-1(o) that states in relevant part: “A municipality may. . . . ; with the written consent of the owner, regulate the speed and traffic conditions on private property”; and

Whereas, this limitation on the ability of local law enforcement officials to enforce DWI and other traffic laws on private property that is open to the public is a threat to public health, safety and welfare.

Now, Therefore, Be It Resolved that the New Mexico Municipal League seek legislation to amend NMSA Section 3-49-1(o) to remove the requirement that local law enforcement officials first secure the written permission of a landowner prior to enforcing DWI and traffic regulations on private property that is open to the public.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-31

CONCERNING LAW ENFORCEMENT AND MENTAL HEALTH PROFESSIONALS CRISIS INTERVENTION FOR THE MENTALLY ILL

Whereas, one of the greatest challenges first responders face in New Mexico and across the nation is how to effectively respond to people who have mental health disorders or who are in crisis; and

Whereas, HJM 17 (2011) made recommendations to reduce the number of individuals with mental health disorders who require law enforcement intervention; and

Whereas, New Mexico Law Enforcement agencies, Fire Personnel, EMS, and their supporting agencies are the first responders when dealing with a person who suffers from mental illness or is in crisis and such response requires adequate resources, knowledge, and equipment if such a response is to be compassionate, effective and in the best interests of the individual; and

Whereas, it is the responsibility of the State Legislature to provide adequate resources devoted to dealing with the issue of mental illness in New Mexico. This responsibility extends to all social service agencies and advocacy groups whose mission is to assist citizens suffering from mental illness, thereby reducing the need for Law Enforcement Personnel to respond to individuals in mental health crisis; and

Whereas, New Mexico Law Enforcement personnel are frequently drawn into numerous contacts with citizens suffering from mental illness or who are in crisis, and options for placement and treatment of these citizens are not readily available; and

Whereas, the risk of physical confrontation between the citizen suffering from mental illness or crisis and responding Law Enforcement personnel is high and such confrontations frequently result in serious injury or death to the citizen, bystanders or to the responding Law Enforcement personnel; and

Whereas, New Mexico Law Enforcement Personnel currently receive basic training on how to assess and handle those suffering from Mental illness as part of the New Mexico Law Enforcement Academy training curriculum pursuant to HB 93; and

Whereas, one of the paramount challenges facing New Mexico Law Enforcement agencies is the lack of adequate support resources for effectively handling and de-escalating potentially deadly situations involving a person or persons in crisis, the first responder and the general public. Having these support options readily available is critical when first responders arrive on-scene to prevent further tragedy. The critical missing link is the availability of Crisis Intervention Teams comprised of specifically trained Law Enforcement Personnel and Mental Health Professionals who will engage in the crisis intervention process on scene as a team; and

Whereas, New Mexico Law Enforcement recognizes and has identified the lack of available resources and professionals specifically trained in crisis intervention and dealing with the mentally ill, and has determined this to be a state wide issue which is not regionalized to a single urban, suburban or rural area. Law Enforcement agencies across the state face the same challenges in not having the readily available resource...
of an available Crisis Intervention Team to assist in de-escalating potentially deadly situations and bring about a safe resolution; and

Whereas, New Mexico Law Enforcement seeks to establish a collaborative partnership with Mental Health professionals, and develop regionally based Crisis Intervention Teams throughout New Mexico that can offer immediate assistance either telephonically, or in person, thereby incorporating a level of expertise and intervention which would provide an additional resource for de-escalating a potentially deadly situation and obtaining the proper emergency assistance needed for the person or persons in crisis; and

Whereas, New Mexico Law Enforcement proposes to partner with Mental Health Professionals statewide in developing regionalized teams to effectively handle potentially volatile situations involving those who suffer from mental illness and are in crisis. This partnership in creating Regional Crisis Intervention Teams will serve as an essential tool for first responders in de-escalating potentially deadly situations, and would make sure those who are in crisis get the appropriate medical care, that especially in rural areas, is often not available pursuant to Section 43-1-10 NMSA 1978; and

Whereas, existing Crisis Intervention Teams that exist in New Mexico’s larger law enforcement agencies are available to use as a model and resource for the proposed regional Crisis Intervention Teams.

Now, Therefore, Be It Resolved that the New Mexico Municipal League seek legislation to provide funding and legislative statutory support for mental health resources, and mandated Regional Crisis Intervention Teams that would be established and utilized to further support the Law Enforcement and First Responder mission of protecting and assisting a person or persons in crisis, protecting the remainder of the New Mexico community from the potential negative effects of contacts with those in crisis, and furthering collaborative efforts that would mitigate the amount and severity of negative contacts with those in crisis, thus avoiding further tragic loss of life.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-32

CONCERNING TAMPERING, DISABLING OR OTHERWISE MISUSING A FIRE PROTECTION SYSTEM

Whereas, the purpose of a Fire Protection System is to protect the health, safety and welfare of citizens from harm caused by fire; and

Whereas, tampering with, disabling or otherwise misusing a Fire Protection System places the public in danger and becomes a life safety issue due to the likelihood that the Fire Protection System will not function properly or at all as a result; and

Whereas, false alarms caused by tampering with, disabling or otherwise misusing the Fire Protection System cause fire departments to deploy manpower and equipment when that deployment is unnecessary, wasting taxpayer resources and placing firefighters in danger while responding to an unknown hazard; and

Whereas, currently, no penalty exists in state law for tampering with, disabling or otherwise misusing a Fire Protection System; and

Whereas, in order to deter persons from tampering with, disabling or otherwise misusing a Fire Protection System a penalty on the order of a misdemeanor should be imposed on persons tampering with, disabling or otherwise misusing a Fire Protection System.

Now, Therefore, Be It Resolved that the New Mexico Municipal League supports legislation making tampering with, disabling or otherwise misusing a Fire Protection System a misdemeanor for penalty purposes.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-33

CONCERNING CERTIFICATION OF POLICE OFFICERS

Whereas, all certified police officers in the State of New Mexico must meet State mandated levels of proficiency and all certified police officers receive the same basic training through an accredited New Mexico Law Enforcement Academy training program, and all Municipal Police Officers must receive certification through the New Mexico Law Enforcement Academy; and

Whereas, currently, if a criminal act occurs in a certified police officer's presence outside of his Territorial Jurisdiction, that officer has no official legal police authority to intervene; and

Now, Therefore, Be It Resolved that the New Mexico Municipal League and the New Mexico Association of Chiefs of Police support legislation to clarify that any officer certified as a Police Officer by the State of New Mexico and is commissioned by an authorized appointing authority shall be recognized as a Police Officer within the State of New Mexico.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-34

CONCERNING THE ELIGIBILITY OF FUNDS PURSUANT TO THE STATE EMERGENCY SERVICES FUND ACT FOR MUNICIPALITIES IMPLEMENTING AN EMS PROGRAM FOR SAFE DISPOSAL OF PRESCRIPTION DRUGS

Whereas, the safe disposal of prescription medicine reduces the access of surplus drugs and protects the safety of ground and surface water by limiting flushing and dumping of meds; and

Whereas, the State Local EMS Funding Program allows for an implementation of prevention programs and the training and licensing of local emergency services personnel; and

Whereas, the eligibility for funding allows for programs that benefit the public health and safety; and

Whereas, the public is benefited by safe disposal of prescription drugs; and

Whereas, EMS units are experienced in safe conduct and handling of prescription drugs and the safe disposal thereof.

Now, Therefore, Be It Resolved, that the New Mexico Municipal League seek legislation for eligible funding pursuant to the State Emergency Services Fund Act for municipalities implementing an EMS program for safe disposal of prescription drugs.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-35

CONCERNING INCREASED FUNDING FOR AUDIT AND COMPLIANCE DIVISION
AT THE TAXATION AND REVENUE DEPARTMENT

Whereas, it is the responsibility of the Audit and Compliance Bureau of the Taxation and Revenue Department to assure that taxpayers are reporting and paying the appropriate amount of taxes; and

Whereas, in Fiscal Year 2009 the legislature and the governor raised the administrative fee on Gross Receipts Tax collections for local governments from 3% to 3.25% to provide the Taxation and Revenue Department with additional resources to expand the Audit and Compliance Bureau; and

Whereas, municipalities pay approximately $42 million in administrative fees for the collection of state shared and local option Gross Receipts Taxes as well as the hold harmless distribution to local governments; and

Whereas, despite the intention of the legislature and the governor the Audit and Compliance Bureau continues to be underfunded;

Now, Therefore, Be it Resolved that the New Mexico Municipal League urge the legislature and governor to increase the resources provided to the Taxation and Revenue Department to expand the Audit and Compliance Bureau.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-36

CONCERNING THE LAW ENFORCEMENT PROTECTION FUND

Whereas, the purposes of the Law Enforcement Protection Fund Act (LEPF) is to provide for the distribution of money to qualified departments, for use in the maintenance and improvement of those departments and to sustain, at a reasonable level, payments to the surviving eligible family members of peace officers killed in the line of duty; and

Whereas, the LEPF was intended to establish, in the state treasury, a dedicated fund for the purpose of law enforcement protection. Such distributions are made to municipal, county, tribal and university police departments; and

Whereas, the LEPF monies may be expended as outlined in NMSA, 1978, Section 29-13-7 Expenditure limitation; and

Whereas, the cost of law enforcement equipment continually increases and expenditures are on the rise. It is imperative that law enforcement improve services with implementation of innovative technology and other resources that are necessary to continue to provide quality service and protection of citizens and their communities; and

Whereas, the costs of mandatory or advanced training and the expenses associated with attending one of the several locally operated law enforcement academies continue to increase every year and an allocation of resources is crucial to public safety; and

Whereas, available federal funding and grants to police agencies have all but vanished and community policing and safety remain a top priority for every agency, however, with such sparse resources, the ability to serve communities is compromised.

Now, Therefore, Be It Resolved that the New Mexico Municipal League seeks legislation to distribute all remaining balances in the Law Enforcement Protection Fund, not otherwise obligated, to the appropriate Law Enforcement Agencies; and

Be It Further Resolved that a new state appropriation be created to be distributed to the satellite academies, including three regional academies, Southeastern New Mexico Law Enforcement Academy in Hobbs, San Juan County Criminal Justice Training Authority in Farmington, and Western New Mexico University Law Enforcement Academy in Silver City to provide for training that is legislatively mandated.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.

2017 Resolutions Committee
RESOLUTION 2017-37

CONCERNING THE MINIMUM WAGE ACT

Whereas, NMAC 11.1.2.3 Statutory Authority Section 13-4-1 Law, Title 11 Labor and Workers Compensation provides for Labor General provisions including Public Works Minimum Wage Act Policy; and

Whereas, every municipal contract or project in excess of $60,000 in which municipalities are a party to construction requires a Wage Decision number for construction types including: Street, Highway, Utility and Light Engineering, General Building, Residential and Heavy Engineering; and

Whereas, many municipalities utilize their own employees to support these public works projects in an effort to ensure adequate project funding for the completion of these projects; and

Whereas, the Municipal Contracting Agency is responsible for compliance with all provisions of the Public Works Minimum Wage Act Policy including paying municipal employees the prevailing wage rate during the project period and providing to weekly payrolls to Workforce Solutions; and

Whereas, most municipalities are not aware of this requirement and most are not complying by changing their employees rate of pay for specific public works projects and weekly reporting to Work Force Solutions their payrolls; and

Whereas, it is an undue burden on Municipalities to comply with these regulations by requiring municipal employees be paid weekly wage rates and reporting to Workforce Solutions; and

Whereas, all Municipalities are required by the Audit Act, Sections 12-6-1 through 12-6-14 NMSA 1978 to have their public funds audited and examination made annually from whatever source derived and reported to the New Mexico Auditor to ensure good accounting practices are found.

Now, Therefore, Be it Resolved that the New Mexico Municipal League support legislation to exempt municipalities and counties from the Minimum Wage Act.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
RESOLUTION 2017-38

CONCERNING SUPPORT FOR THE SIMPLIFICATION OF PURCHASING TO REDUCE PROCESS COSTS AND DELAYS FOR MUNICIPALITIES BY MAKING IMPLEMENTATION OF PRODUCT CODES OPTIONAL FOR SMALL PURCHASES

Whereas, section 13-2-30.1 NMSA 1978 effective July 1, 2016, states that the “Standardized Classification Code” requires that each state agency and local public body shall use the standardized classification codes developed by the state purchasing agent; and

Whereas, this requirement is intended to allow vendors to identify products on different municipal web sites for ease of proposing all services, professional services, construction and items of tangible personal property; and

Whereas, the public is not benefited by burdensome regulation and procedure requirements for everyday small purchases by municipalities; and

Whereas, municipalities in order to preserve resources should be allowed the option to forego use of standardized classification codes for purchases that meet the state Small Purchase Definition; and

Whereas, municipal Procurement Offices may be benefited by use of standardized classification codes for purchases outside the Small Purchase Definition and shall continue to use the codes for these formal purchase processes.

Now, Therefore, Be it Resolved that the use of Standardized Classification Codes shall be optional for local Central Purchasing Offices.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
Whereas, municipal airport infrastructure varies greatly with that of other private commercial buildings; and

Whereas, protected (covered) aircraft storage is accomplished in two types of structures, one in banks of enclosed “bays”, back to back, known as T-Hangars, and the second in standalone buildings that are capable of housing a single or multiple aircraft; and

Whereas, airports have a finite amount of useful space that has access to ramps, taxiways, fueling and runways and therefore requires buildings to be in closer proximity; and

Whereas, the 2015 International Building Code (IBC) requires that aircraft hangar exterior walls less than 30 feet from property lines, individuals lot lines or public way shall have a fire-resistant rating of not less than two hours or a sprinkler system; and

Whereas, the 2006 IBC was amended to exempt T-Hangars but it did not give relief to the interpretation by the Construction Industries Division (CID) of “public way” thereby allowing the more restrictive and costly enforcement for hangars over 2,000 square feet; and

Whereas, airport economic growth is dependent on hangar construction and aircraft inventory expansion which has slowed down or stopped in New Mexico due to the extreme construction costs and land use requirements; and

Whereas, previously adopted Uniform Building Code was less stringent requiring only 15 foot separation; and

Whereas, this has been identified as a national problem and other states have amended the code to exempt or clarify the definition of public ways on airports to continue to attract private, commercial and industrial development on their airports.

Now, Therefore, Be it Resolved that the New Mexico Municipal League urges the State Construction Industries Division to exempt internal airport properties from the definition of “public way” or to seek appropriate legislation.

Passed, Approved and Adopted this 17th day of August at the City of Clovis, New Mexico.
