LEGISLATIVE BULLETIN

VOL. 2019-8

MARCH 1, 2019

LEAGUE OFFICE PARKING DURING THE SESSION

Because of the demand for parking around the Capitol during the session, we must protect the availability of parking for our municipal officials and staff. In order to reduce the possibility of accidents, a few areas in our lots are designated by signs as “NO PARKING” AREAS.” If you are visiting the session and need to park in the League lots, please help us by observing the following rules:

- 1. Do not park in the areas designated as “NO PARKING” zones.*
 - 2. Obtain a League Parking Permit from the reception desk and leave it on the rear-view mirror of your car so that it's easily visible.*
 - 3. DOUBLE PARKING OR PARKING BEHIND ANOTHER CAR IS NO LONGER PERMITTED IN OUR LOTS.*

YOUR LEGISLATIVE BULLETIN

This is the first in the series of weekly League **Legislative Bulletins** designed to communicate with municipal officials, legislators and the Executive Branch of state government.

This year the League will publish the **Bulletin** electronically and will not distribute a printed copy. We will post the **Bulletin** on Friday mornings on the League's website under the listing of “Publications.” We will then e-mail a link to the document to our membership through our list serve that we use to distribute *The Municipal Reporter*.

Municipal officials who receive the **Bulletin** include all mayors, commissioners, councilors, trustees, managers, clerks, municipal judges, police chiefs and many other municipal officials.

The **Legislative Bulletin** contains:

- ◆ a brief review of all bills of municipal interest of which we have received a copy since the prior Bulletin (it will save you and us time if you make a note of the House or Senate Bill number you are interested in);
- ◆ a brief analysis of key legislative developments of the past week;
- ◆ detailed explanations of key municipal bills; and, perhaps,
- ◆ an Action Call if any important municipal bill is scheduled to be heard in committee or on the floor of either house

For updated Committee assignments or additional information click [here](#) to be directed to the Legislative Home Page.

Your legislator can be reached by name through the **Legislative Switchboard: (505) 986-4300** in Santa Fe. For those of you on line, the Legislature's web site also contains the e-mail addresses of those legislators who use the service. That address is: <http://www.nmlegis.gov>. Also check the League's web site (www.nmml.org) for League information.

CAPITAL PROJECT FUNDING BILLS

Capital outlay project requests in recent years have not been introduced as legislative bills, but submitted as “capital outlay requests.” All approved requests are then included in a major capital outlay bill for final passage.

In past years we have reported these requests as we received the printed copies. The legislature will track all capital outlay requests electronically only. Therefore, we are no longer able to report the requests for you as we had in the past. However, the good news is that all requests will be listed on the legislative web site at nmlegis.gov (click on Capital Outlay). Each request is listed under the appropriate county and then alphabetically by title and includes the description of the request along with the dollar amount. Legislative Council Service will be updating the information every Tuesday and Friday evenings so the new introductions will be available for you early on Wednesdays and Saturdays. As always, you can contact your legislators directly to find out when your project will be scheduled for hearing.

BIOGRAPHY OF A BILL

A bill is introduced by a sponsoring legislator on the floor of either house, numbered by the clerk and referred for consideration to one or more committees of that house. The deadline for introduction of all bills except appropriations bills or bills requested by the Governor (*special messages*) is Noon on the 15th day of a 30-day session (**January 31**). Committee recommendations usually determine the success or failure of a bill. A bill may be amended in committee or on the floor at any point in the process — sometimes changed so severely that its own author would not recognize it — or a substitute measure with the same number and general subject matter may be put in its place.

If you are interested in a particular bill, do not be dismayed if it seems to sit for a long time in committee, particularly in a tax, finance or appropriations committee. Bills which ask for money or for taxing authority often lie dormant until the last few days of a session and then move with unbelievable speed.

If a bill passes successfully through its committee referrals, it returns to the floor of the house in which it was introduced for floor consideration. If it passes that house, it goes to the other house. However, it may also be tabled, referred again or defeated.

In the second house the bill is again considered in one or several committees and it may again be amended or substituted. If it gets through its committee assignments, it returns to the floor of that house for consideration and may from there be referred, tabled, passed or defeated.

If the bill passes the second house and it has been amended or substituted by the second house, the originating house must concur or fail to concur with the changes. If the originating house fails to concur, a conference committee representing both houses is appointed to decide what to present to both houses for acceptance.

A bill that has been passed in some agreed-upon form by both the House and the Senate goes to the Governor for signature. The Governor may choose to sign or to veto the bill. If the bill contains an appropriation, the Governor may veto portions if she wishes (*line item veto*); if it does not, she may only veto the entire bill. If vetoed, 2/3 of the House and 2/3 of the Senate must vote in favor of the bill in order to override the veto. If the veto override fails, the bill is dead.

Most bills do not reach the Governor's desk before the Legislature adjourns (**Noon, February 15**). The Governor has 20 days following the close of the session (**Noon, March 7**) to sign, veto or fail to sign (*pocket veto*) any bill that he did not act on during the session. Any bill is much more likely to have died in committee or on the floor before even reaching the Governor's desk.

In New Mexico, no more than 1/4 to 1/3 of bills introduced ever make it all the way to enactment. The historic trend in New Mexico is for more and more introductions each succeeding session.

HB116 WASTEWATER SYSTEM FINANCING (Crowder) Current Location: HAFC

House Bill 116 (HB 116) makes an appropriation for wastewater system financing

The New Mexico Finance Authority Oversight Committee endorses HB 116.

House Bill 116 (HB 116) appropriates one million five hundred thousand dollars (\$1,500,000) from the General Fund (GF) to the Wastewater Facility Construction Loan Fund in fiscal year (FY) 2020 and subsequent FYs to provide state matching funds for federal Clean Water Act of 1977 projects and to carry out the purposes of the Wastewater Facility Construction Loan Fund Act. Any unexpended or unencumbered balance remaining at the end of FY 2021 will not revert to the GF.

The New Mexico Finance Authority Oversight Committee endorses HB 116.

Section 74-6A-4 NMSA 1978 mandates use of the Wastewater Facility Construction Loan Fund as matching funds for the federal Clean Water Act. The Clean Water State Revolving Fund program, established in 1986 pursuant to the Wastewater Facility Construction Loan Act and the federal Clean Water Act, provides low-interest loans to eligible governmental entities with a repayment period of up to thirty years. Repayments are cycled back into the fund and used to pay for future clean water projects.

The US Clean Water Act of 1972 (Federal Water Pollution Control Act) amended in 1977 is one of the primary federal laws that regulate the discharge of pollutants into the nation's surface waters. It includes a grant program to provide assistance to publicly owned treatment works for the improvement of wastewater treatment. The federal grant program requires state matching funds.

Except for the endorsement, HB 116 duplicates SB 117.

HB131 POST-SESSION LOBBYING REPORTS (Thomson) Current Location: HCAT

February 11, 2019

House State Government, Elections & Indian Affairs Committee amendment to House Bill 131 relates to the Lobbyist Regulation Act. HSEICa/HB 131 enacts a new section under Section 2-11 NMSA 1978, to require post-session reports, within fourteen days following the conclusion of a legislative session on what legislation a lobbyist or lobbyist's employer lobbied. HSEICa/HB 131 requires the report to provide certain information.

HB135 SEXUAL ASSAULT SURVIVOR'S BILL OF RIGHTS (Thomson) Current Location: HJC

House Bill 135 (HB 135) creates a new section of Chapter 30, Article 9 (Sexual Offenses) NMSA 1978 that provides a sexual assault survivor with rights following a sexual assault and related medical examination. It establishes requirements for processing sexual assault examination kits.

Analysis: House Bill 135 (HB 135) creates a new section of Chapter 30, Article 9 (Sexual Offenses) NMSA 1978 that provides a sexual assault survivor with rights following a sexual assault and related medical examination. It requires a health care provider who examines and collects a sexual assault examination kit from a survivor of sexual assault to obtain contact information from the survivor and provide the survivor with specific information such as a consent form, the provider's kit retention policy, and contact information for treatment and support services. HB 135 requires the health care provider to obtain the survivor's consent before notifying the relevant law enforcement agency of the sexual assault and collection of the kit, to notify the survivor when the kit is released to law enforcement, and to provide the survivor's contact information to law enforcement.

HB 135 prohibits the reimbursement of the examination kit directly or indirectly from the survivor unless reimbursement occurs pursuant to the Sexual Crimes Prosecution and Treatment Act.

It establishes requirements for processing sexual assault examination kits by delineating the responsibilities of a law enforcement agency when it receives a sexual assault examination kit. These responsibilities include informing the survivor of the status of the testing and results from the examination kit and of the right to certain information including whether a DNA profile was developed and matched. The law enforcement agency must notify the survivor in writing sixty days before the destruction of a kit and provide the survivor information on appealing this decision.

HB135 SEXUAL ASSAULT SURVIVOR'S BILL OF RIGHTS continued(Thomson) Current Location: HJC

HB 135 requires a crime laboratory to process the sexual assault examination kit within sixty days of receipt.

It obliges law enforcement before starting an interview with the survivor to inform the survivor of certain information including the survivor's rights under this section; right to consult with counselor or advocate, right to have a support person present during the interview; and the right to be interviewed by an officer of the same gender. It prohibits certain law enforcement and prosecution officials from discouraging a sexual assault survivor from undergoing an examination or allowing the collection of a sexual assault examination kit.

HB 135 establishes the sexual assault survivor's rights in a civil or criminal case such as reasonable protection from the defendant or those acting on the defendant's behalf; no polygraph as a prerequisite to a legal proceeding; and testimony through a sexual survivor impact statement. It provides the survivor with the right to legal counsel at all stages in the sexual assault reporting/prosecution process.

It allows the survivor to designate another person for purposes of receiving notification and other communication required under this section and provides for those who can receive this information if the sexual assault survivor is dead.

HB 135 allows law enforcement to require requests from the sexual assault survivor to be in writing and the agency may communicate in writing. It prohibits a prosecutor from charging a sexual assault survivor with a criminal offense that is not a felony, such as underage drinking, if the evidence for this offense is collected through the examination kit or through investigation of the assault.

It puts the onus on those responsible to the sexual assault survivor under this section to provide the information required under this section to the survivor and witness(es). It makes violation of any provision in this section a tortious act causing injury, and a court may award reasonable attorney fees to a plaintiff who prevails under this subsection.

HB 135 provides definitions for health care provider and sexual assault examination kit.

HB 135 would be effective 1 July 2019.

HB136 NONTRADITIONAL OR DISABILITY DRIVER REGISTRY (Thomson) Current Location: HJC

Amended Synopsis: February 5, 2019

HB598 1ST RESPONDER VETERINARY SERVICES (Bash) Current Location: HSEIC

House Joint Memorial 13 (HJM 13) declares March 5, 2019 as End Hunger Day in the New Mexico Legislature, due to the recent Feeding America report entitled Map the Meal Gap, which indicates 26% or 125,210 children in New Mexico are at risk of going hungry and the overall hunger rate is 17% up from 16% in 2017, and also because the United States Department of Agriculture research shows this state ranks six among the states where people are experiencing hunger.

HJM 13 states hunger is directly related to poverty, and the Annie E. Casey Foundation study reports 27% of the children in state live in poverty, which is one of the worst rates of child poverty, and the Center For American Progress reports nearly 1 in five state residents (or 401,755) were living in poverty in 2017.

HJM 13 posits the need for policy makers, public agencies and private organizations draw up a single, statewide plan to end hunger in the state and recalls the efforts of the hunger council enacted by HM 90 in 2018.

HJM 13 resolves Tuesday March 5, 2019 be declared End Hunger Day in the New Mexico Legislature, that the Hunger Council continue its work towards a plan to end hunger in New Mexico, and members of state legislature form a Hunger Caucus to support proposals of law aimed at ending hunger in the state, and that copies of this memorial be sent to the Governor, the secretaries of the Departments of Human Services, Aging and Long-Term Services, Children, Youth and Families and whomever convenes the Hunger Council.
