

## **PERA Solvency**

As we prepare for the 55th Legislative Session this next week, NMML has been at work and currently there are 53 pre-filed bills being watched. One is particular that can have an enormous impact on municipalities is PERA. Below is a summary of the Governor's PERA Solvency Task Force Recommendations.

- Recommendations projected to eliminate PERA's \$6.1 billion unfunded liability within 25 years
- Recommendations projected to result in an immediate \$700 million reduction to PERA's unfunded liability
- Recommendations replace previous proposals to freeze COLAs for three years with a 2% "13th Check" payment that pauses the compounding factor for the next 3 years
- Recommendations preserve a COLA for current and future retirees with a minimum COLA of .5% and a maximum of 3% based on a profit share model tied to investment performance. Once PERA achieves 100% funded level, maximum COLA increased to 5%
- Recommendations begin to address disparity in funding levels among PERA Divisions by exempting State Police and Adult Correctional Officers from proposed contribution increases
- Recommendations protect lowest income retirees by guaranteeing a COLA of 2.5% for retirees with pensions below \$25,000 who have worked 25 years or receiving disability retirement
- Recommendations protect lowest income active members by exempting those with incomes of \$25,000 or less from proposed contribution increases
- Recommendations eliminate the current 7 year wait to receive a COLA and reinstates the 2 calendar year wait
- Recommendations eliminate current earnings cap of 90% to encourage employees to work longer

## LEAGUE OFFICE PARKING DURING THE SESSION

Because of the demand for parking around the Capitol during the session, we must protect the availability of parking for our municipal officials and staff. In order to reduce the possibility of accidents, a few areas in our lots are designated by signs as “NO PARKING” AREAS.” If you are visiting the session and need to park in the League lots, please help us by observing the following rules:

1. Do not park in the areas designated as “NO PARKING” zones
  2. Obtain a League Parking Permit from the reception desk and leave it on the rear-view mirror of your car so that it’s easily visible
  3. DOUBLE PARKING OR PARKING BEHIND ANOTHER CAR IS NO LONGER PERMITTED IN OUR LOTS

## YOUR LEGISLATIVE BULLETIN

This is the first in the series of weekly League **Legislative Bulletins** designed to communicate with municipal officials, legislators and the Executive Branch of state government.

This year the League will publish the Bulletin electronically and will not distribute a printed copy. We will post the Bulletin on Friday mornings on the League’s website under the listing of “Publications.” We will then e-mail a link to the document to our membership through our list serve that we use to distribute The Municipal Reporter as well as send push notifications through the NMML App.

Municipal officials who receive the **Bulletin** include all mayors, commissioners, councilors, trustees, managers, clerks, municipal judges, police chiefs and many other municipal officials.

The **Legislative Bulletin** contains:

- ◇ a brief review of all bills of municipal interest of which we have received a copy since the prior Bulletin (it will save you and us time if you make a note of the House or Senate Bill number you are interested in);
- ◇ a brief analysis of key legislative developments of the past week;
- ◇ detailed explanations of key municipal bills; and, perhaps,
- ◇ an Action Call if any important municipal bill is scheduled to be heard in committee or on the floor of either house

For updated Committee assignments or additional information click [here](#) to be directed to the Legislative Home Page.

Your legislator can be reached by name through the **Legislative Switchboard: (505) 986-4300** in Santa Fe. For those of you on line, the Legislature’s web site also contains the e-mail addresses of those legislators who use the service. That address is: <http://www.nmlegis.gov>. Also check the League’s web site ([www.nmml.org](http://www.nmml.org)) for League information.

## CAPITAL PROJECT FUNDING BILLS

Capital outlay project requests in recent years have not been introduced as legislative bills, but submitted as “capital outlay requests.” All approved requests are then included in a major capital outlay bill for final passage.

In past years we have reported these requests as we received the printed copies. The legislature will track all capital outlay requests electronically only. Therefore, we are no longer able to report the requests for you as we had in the past. However, the good news is that all requests will be listed on the legislative web site at [nmlegis.gov](http://nmlegis.gov) (click on Capital Outlay). Each request is listed under the appropriate county and then alphabetically by title and includes the description of the request along with the dollar amount. Legislative Council Service will be updating the information every Tuesday and Friday evenings so the new introductions will be available for you early on Wednesdays and Saturdays. As always, you can contact your legislators directly to find out when your project will be scheduled for hearing.

## BIOGRAPHY OF A BILL

A bill is introduced by a sponsoring legislator on the floor of either house, numbered by the clerk and referred for consideration to one or more committees of that house. The deadline for introduction of all bills except appropriations bills or bills requested by the Governor (special messages) is Noon on the 15th day of a 30-day session (January 31).

Committee recommendations usually determine the success or failure of a bill. A bill may be amended in committee or on the floor at any point in the process — sometimes changed so severely that its own author would not recognize it — or a substitute measure with the same number and general subject matter may be put in its place.

If you are interested in a particular bill, do not be dismayed if it seems to sit for a long time in committee, particularly in a tax, finance or appropriations committee. Bills which ask for money or for taxing authority often lie dormant until the last few days of a session and then move with unbelievable speed.

If a bill passes successfully through its committee referrals, it returns to the floor of the house in which it was introduced for floor consideration. If it passes that house, it goes to the other house. However, it may also be tabled, referred again or defeated.

In the second house the bill is again considered in one or several committees and it may again be amended or substituted. If it gets through its committee assignments, it returns to the floor of that house for consideration and may from there be referred, tabled, passed or defeated.

If the bill passes the second house and it has been amended or substituted by the second house, the originating house must concur or fail to concur with the changes. If the originating house fails to concur, a conference committee representing both houses is appointed to decide what to present to both houses for acceptance.

A bill that has been passed in some agreed-upon form by both the House and the Senate goes to the Governor for signature. The Governor may choose to sign or to veto the bill. If the bill contains an appropriation, the Governor may veto portions if she wishes (*line item veto*); if it does not, she may only veto the entire bill. If vetoed, 2/3 of the House and 2/3 of the Senate must vote in favor of the bill in order to override the veto. If the veto override fails, the bill is dead.

Most bills do not reach the Governor's desk before the Legislature adjourns (**Noon, February 15**). The Governor has 20 days following the close of the session (**Noon, March 7**) to sign, veto or fail to sign (*pocket veto*) any bill that he did not act on during the session. Any bill is much more likely to have died in committee or on the floor before even reaching the Governor's desk.

In New Mexico, no more than 1/4 to 1/3 of bills introduced ever make it all the way to enactment. The historic trend in New Mexico is for more and more introductions each succeeding session.
