

ADDENDUM TO RFP 2021-6 PHARMACY BENEFIT MANAGEMENT SERVICES

- How many Worker's Compensation claims does NMSIF currently have open? Can you please split out med only vs. loss time?

Indemnity = 183 Med Only = 267

- What is NMSIF's annual pharmacy spend?

FY 2020 = \$341,575

- What is NMSIF's percentage of brand to generic mix?

NMSIF does not currently track this information.

- What is NMSIF's pharmacy network penetration?

NMSIF does not currently track this information.

- Does your current PBM pay the paper bills on your behalf or does NMSIF send the paper pharmacy bills to your medical bill review vendor? If yes, how many paper pharmacy bills does NMSIF receive on an average month?

NMSIF receives approximately 50 paper bill per month which are then forward to our medical bill review vendor.

- Can you clarify the intent of the question/statement of "Claims Management Engagement" under IV. SPECIFICATIONS/DETAILED SOCPE OF WORK/TECHNICAL SPECIFICATIONS: "indicate how many claims management engagements have been implemented in the last two years and what percentage of business revenue is derived from claims management engagements?"

Please disregard this question.

- Can APPENDIX D. COST RESPONSE FORM be modified to represent our pricing model?

The form may be modified but should still include any price changes in the subsequent years.

- Does the respondent PBM vendor need to acknowledge in the packet receipt and acceptance "APPENDIX C SAMPLE CONTRACT?" If yes, where in the document?

If Offeror has no exceptions to the sample contract, it should indicate so on the cost response page. If Offeror chooses to propose differences from the sample contract, Offeror should include such language on a separate addendum within the proposal.
